8 Day Time and 8 Day Automatic Alarm.
Illustration Actual Size.

Seamless Brass Case. Heavily Nickel Plated. Can be supplied in the Brass Finish but to Order Only.
Runs and Alarms for 8 days on one winding. You wind it but once a week. The alarm rings at the time set, stops and automatically resets to ring at the same time the next day without further attention. By adjustment of the pointer found on upper rim of the bell on the back of the clock, the length of time the alarm rings may be regulated. At "Short Alarm" the ring is about 7 seconds, each mark adds 7 seconds more to the ringing, at the last mark "Long Alarm" the ring is about 49 seconds. The alarm can be instantly stopped by pushing the button on top of clock, which in no way interferes with the automatic operation of the alarm. Also has a switch on the back to shut off the alarm when time only is wanted.

List, Each, \$5.00
