TO THE MERCHANT.

In presenting to you our Sixteenth Annual Catalogue for 1905, we take this opportunity to again thank you for your liberal patronage in the past, and respectfully solicit your kind favors in the future.

In looking over its well-filled pages it should become apparent to you at a glance that we contemplate giving you the benefit of our close buying. All the articles illustrated have been selected with the greatest care, and nothing has been offered that we cannot fully guarantee. It is not our aim to handle the cheapest goods, but the best goods for the least money. When comparing prices kindly take the quality into consideration.

It is the up-to-date Merchant who embraces every opportunity to increase his business and make an extra dollar. Our Catalogue has opened a path whereby you can do this without a cent of expense. **It is sent to you free, Mail or Express charges prepaid. Don't hide it.** Put it in plain sight on your show case or counter, and many a sale will be made without one word from you or a moment of your time.

Bear in mind we have but one representative in your locality.

If you have our 1905 Catalogue you are the one.

If by any chance an order should be received from your city, written by some one outside of yourself, he would be respectfully referred to you; you also would be notified of the fact.

Remember all orders are filled and shipped on day of receipt.

When ordering, please give name of Town, County and State in full, to insure goods reaching you without delay. Also state how you wish goods shipped. By Mail—if by Express, name the Express—if by Freight, what Railroad Company.

We suggest, for the sake of convenience, that you use our regular printed Order Blanks in ordering goods. We will furnish them to you, free of charge, upon application.

DO NOT cut illustrations out of this Catalogue, but give us number and page of article wanted. We can then fill all orders exact and complete.

No matter how small your order, you can rest assured it will receive prompt attention.

Parties, with whom we have had no previous business transactions, will please send with their first order reliable Chicago references, or refer us to parties of whom they have bought goods on time, as it will assist us in filling their orders promptly.

Parties ordering goods C. O. D. must enclose with their orders **ten per cent.** of the amount to insure express charges. This sum will be deducted from the bill. We will send goods C. O. D. and allow examination, **but the Express Companies will not allow selection of part of invoice.**

Parties ordering from distant points, or where the Express Companies do not reach them, will find it to their advantage to send full amount of bill, and order their goods shipped by registered mail.

In ordering goods by mail, please be explicit, and state whether sealed, or unsealed; and in addition **whether to register or not.**

Mail charges are as follows: Sealed mail, **2c.** per ounce (register, **8c.** extra); unsealed mail, **1c.** per ounce (register, **8c.** extra). When packages are ordered by mail, please be particular and give **Name, Town, County and State** full and correct. When packages are ordered to be shipped by mail, and amount to **\$1.00** or over, we will always register same.

Clocks and Hollow Ware are too bulky to ship profitably by Express; and if not stated how to ship, we will always ship by freight.

In sending in **Job Work**, prepay the Express charges. Send with it, in same package, a letter of instructions, as it will insure our speedy attention. Often jobs are held for days awaiting instructions by mail.

Old Gold or Silver taken as cash at refiner's valuation; will report value, when requested, before selling.

We make a specialty of Watch and Jewelry Repairing. All work warranted at the lowest price.

Send us your orders for anything needed in our line. Our customers can rest assured that whenever changes are made they will receive the benefit of same without further notice.

YOURS TRULY,

Fort Dearborn Watch and Clock Co.

The No. 105 is the result of this effort which has been so thoroughly appreciated by the trade that it is very necessary that orders for this style of clock be placed in advance.

Features no others have:
