CLOCKS

MANUFACTURED BY

THE E. INGRAHAM COMPANY

(ESTABLISHED 1840.)

BRISTOL, CONN., U. S. A.

1899-1900

In presenting our catalogue for 1899-1900, we call attention of our patrons to many new and original designs and devices, embracing the most desirable and up-to-date features of the high grade clock of to-day, and embodying the latest improvements that the ablest mechanical skill has been able to devise, while retaining and improving the hitherto unexcelled quality of finish and workmanship which have made the Ingraham Clock so justly celebrated in the past.

Among the features illustrating the rapid advancement made and the height of perfection attained by this Company in the manufacture of Imitation French Marble Clocks may be mentioned the SUPERB FINISH OF THE CASES, our NEW MOVEMENT, CAST SASH, PORCELAIN DIAL, HALF-HOUR CUP BELL, INGRAHAM REGULATOR, etc., which, together with those well-known and distinctive features which have proved so popular and satisfactory in the past, have raised the standard of our goods far above the category of the ordinary cheap American clock.

Many new designs have been added to our already large variety of Imitation French Marble, and Oak Cabinet, Hanging and Mantel Clocks, thus giving to our patrons a most complete line of goods from which to make selections.

Our Oak Cases are varnished by immersion, thoroughly coating the case inside and out, which makes an extremely homogeneous and beautiful finish. Our Enameled (Imitation French) Cases, we guarantee to equal in durability and finish the finest imported cases. Every clock is run and thoroughly tested before it leaves the factory, and with proper usage, is warranted a correct time-keeper.

We solicit your further patronage, and shall continue, as we have in the past, to produce clocks that, quality considered, are the cheapest in the market.

THE E. INGRAHAM COMPANY.
