The Frankfurt Financial District Watch.

- Case made of stainless steel, polished
- Display of two time zones on a 12-hour basis
- Sapphire crystal glass on both sides
- Exquisitely finished movement with rotor engraving of the “bull and bear”
- Pressure-resistant up to 10 bar
- Low pressure resistant

The Frankfurt Financial District Watch Model 6068 represents a successful combination of aesthetics and functionality which offers outstanding clarity and ease of use. The watch thus seamlessly joins the popular series which has won many fans since its launch in 1999, both in Frankfurt and beyond. Its design features are in keeping with the tried-and-tested technical details characteristic of the series. For instance, the model 6068 allows you to display two time zones on a 12-hour basis. The case is made of polished stainless steel and encloses the black electroplated dial with sunburst decoration. The attached appliqués are coated with luminous paint, as are the hour and minute hands. The crystal is made of sapphire crystal glass with an anti-reflective coating on both sides. The transparent case back, also made of sapphire crystal glass with anti-reflective coating on the interior, reveals the exquisitely decorated movement with rotor engraving of the bull and bear to external view. The 6068 is waterproof to a depth of 10 bar, as well as being resistant to low pressure.

Technical details
