

# OFFICINE PANERAI

Luminor 40/42/44 mm BA

Radiomir 1940 42/45 mm BA

## Alligator semimat white, lilac, mint

### Material features

The appreciated two-tone effect of the Alligator semimat is achieved by brushing the skin until the mat surface gets also a discreet shininess (by means of brushes during a manual surface refinement). Over the entire wearing-time this bracelet develops a beautiful patina.

Due to the delicate surface the bracelet may change its appearance in every day use (e.g. change of colour intensity especially with pastel colours).

### Bracelet features

- Rembordé Technology with lacquered edges – offers the benefits of longevity, constant aesthetics and a pleasant wearing-comfort
- embossing line on the upper leather as well as on the loops
- safety stitching on the loose loop and the attachment
